

Notes regarding the use of AUIG4.

Thank you for using AUIG4. Please carefully read the notes before using the service.

1. User's Manual

You can download AUIG4 User's Manual on the Help page. Please refer to section 3.6.1 of the manual for searching for products by guest users,

2. Inquiry

Regarding inquiring about our services, please refer to "Contact Us" on the Help page. If you are a registered user, please refer to the help page after logging in to AUIG4.

3. Note about deletion of user registration information

If you apply for deletion for user registration information, all your registration information will be deleted. Please check the notes on the page of Application for Deletion of User Registration Information and submit the application carefully.

4. Note about product search

"Output to KMZ File" and "Output to Shape File" on the page of Product Search are not available for guest user, "Output to CSV File" is only available.

5. Note about product provision

"Provision Method File Transfer" on order options is currently unavailable because it is planned expansion function.

6. Note about ALOS-2 Observation Opportunity Search

The ALOS-2 Observation Opportunity Search may be displayed observation opportunities that overlap with the ALOS-2 autonomous maneuver period. Therefore, please refer to the "ALOS-2 autonomous maneuver period" published in the AUIG4 Operational Information to know whether actual observation is possible or not.
